How can I save content from my legacy ?TwinSpace

Koen - 2025-01-15 - [General](#)

The legacy platform, including the old TwinSpaces, will be taken offline. In this screencast we show briefly how you can access and download your materials

Here's a short video which shows how you can save content from your TwinSpaces on the legacy platform. Below the video, we have the steps in writing

:As explained in the video, to save the content from your legacy TwinSpace

you first go to <https://twinspace.etwinning.net> (you may need to accept the warning about an expired certificate)

you log in with your **legacy** username and password

you access the TwinSpace of which you want to save materials

:and you can save materials as such

homepage (including latest updates) and pages: press control + P to print, and use the option 'Print to PDF' of your browser

materials > images: click once on the image and right-click on the link 'View original' and then '...' 'Save link as

'materials > files: click on the file and click the link 'Download file
