Who can be invited to a project?

Koen - 2026-11-25 - eTwinning

There are some restrictions as to who can be invited to a project. It is only possible to invite users to a project that are:

- a **contact**
    - see user's profile in the Networking area > Contacts
- active (not deleted) and eTwinning-**validated member of an organisation**
    - see user profile in NSO Desktop > Organisations tab > Validated tab
    - please also verify that the user has a Role in Organisation
- **available for projects**
    - see user profile in NSO Desktop > Information tab; last item under 'Account details'

And there are some **further restrictions** to special types of projects:

- Intraschool projects: only contacts from the same school
- ITE projects (any project where a Teacher Educator is a Founder or Co-Founder): only contacts that are Teacher Educator, Student Teacher or Ambassador in an organisation

And there is the following additional restriction for **Student Teachers**:

- *without* a placement school: can only be invited to ITE projects
- *with* a placement school:
    - can be invited to ITE projects with their ITEI, and
    - can be invited to regular projects with their placement school
