In this article, you will find the latest changes of the European School Education Platform.

### New/improved features

#### eTwinning

- **Double-roles:** all registered users can now have different roles based on the organisation(s) added to their profile (they can be teachers in a school and teacher educators in ITE).
- **eTwinning European Prizes:** information related to the Prizes awarded prior to 2024 are now available on the platform.

#### My dashboard

- **Portfolio:** all users can now create portfolios.

#### Global search

- **Filters** for the platform global search have been improved.

#### Rooms

- The list of available images when adding a picture in an update has been improved.

### Fixed issues

#### TwinSpaces

- The issue that was impeding access to pages for some members has been solved.

#### Chatrooms

- This feature can now only be accessed by a member of the same TwinSpace or group.
